Mr. Clifford Dent
P.O. Box 6007
Farmington, N.M. 87499

Dear Mr. Dent:

This is in reference to your request concerning the condition of the sign assembly installed with Dent Connector bolts as the breakaway connector in 1996.

This is to confirm that a sign assembly was erected on US1 near Sanford in Moore County during 1996. The sign was recently inspected and is still standing as it was erected.

Thank you for your interest in highway signing and please advise if you have any questions or need additional information regarding this matter.

Sincerely,

A handwritten signature in black ink that reads "David W. Robertson".
